PHOTOS AND ANNOUNCEMENTS

Chapel restoration progress

Sign-Up Sundays! February 24/25 & March 3/4. We Need Your Help!

Cardinal Collins and bishops across Ontario are asking for an email address from every Catholic family in their community, with a goal of 100,000 email addresses collected by the end of February 2018. This information will be used locally by Cardinal Collins and trusted faith partners to communicate periodically (approximately 6-8 times each year) on issues of particular importance for the Catholic community.

The first campaign of 2018 is the Call for Conscience, inviting our elected Members of Provincial Parliament (MPPs) and those seeking office this June to increase funding/access to palliative care, to protect health care workers wishing to abstain from any involvement in euthanasia/assisted suicide and to protect faith-based facilities from participation in euthanasia/assisted suicide. The work builds on a similar campaign in 2017.

Please visit <http://bit.ly/SignUpSundayRegistration> to register yourself for this initiative. Thank you for living a faith that acts!

A “Big” Thank You!

Thank you for your generous donations in response to our appeals in support of our Campus Ministry Program throughout last year. Please rest assured that your donations will go a long way in maintaining and developing Newman’s valuable Campus Ministry Program. It is through your prayers and financial support that we can reach our goal to nurture *Catholic leaders for the future*.

We thank our donors supporting the Newman Foundation of Toronto by publishing their names in *the Torch Annual Report*. If you do not wish to be recognized publicly, kindly let us know by contacting Samantha Koon via email: samantha.koon@newmantoronto.com before February 28th.

Notice: On the **Family Day** holiday, Monday, February 19th, Mass will be held at 9:30 am in the Oak Room at Newman Centre.

WHAT'S HAPPENING AT NEWMAN CENTRE

Dr. Stacy A. Trasancos

Scientist, editor and author of *Particles of Faith: A Catholic Guide to Navigating Science and Science was Born of Christianity*

Faith and Science Lecture

The Role of Christianity in the Development of Modern Science

Thursday, March 8, 2018 | 7 PM | Newman Centre
(Doors open at 6:30 pm, reception follows lecture. All are welcome.)

Registration: <https://christianityandmodernscience.eventbrite.ca>

Synopsis: The Scientific Revolution is associated with a period of 150 years in the 16th – 17th centuries in Europe. The discoveries of Nicolaus Copernicus, Galileo, and Isaac Newton launched an unprecedented growth in the understanding of the mathematics of nature.

Prior to that time, Christian scholars effectively rejected the ancient concept of an eternal cosmos and defended the truth of Divine Revelation, particularly the Holy Trinity and the Incarnation of Christ. This presentation will tell the story of how science was born of Christian faith.
