Faith and Science Lecture

A Catholic Perspective on Evolution

Thursday, January 25, 2018 | 7 PM | Newman Centre

The Angelic Doctor lecture will be presented by Fr. Thomas Davenport O.P. who is a scientist and the co-author of "Thomistic Evolution"

Doors open at 6:30 pm, reception follows lecture. All are welcome.

Registration: <https://newmanlecture.eventbrite.ca>

Synopsis: Many Christians have found it hard to reconcile modern science with their faith, particularly when it comes to evolution. Although they may not realize it, Catholics have a wealth of philosophical, theological, and scriptural tradition to draw on to help address difficulties raised by the developments of modern science.

This lecture will lay out some of the fundamental principles that help Catholics understand the harmony between faith and science, and evolution in particular.

LENTEN RETREAT

with **Cardinal Gérald Lacroix**,
Archbishop of Quebec and Primate of Canada

Have I responded to the call to be a missionary?

Saturday, February 24, 2018 | 9 AM - 3 PM |

University of St. Michael's College (Begins with 8:30 AM Mass at St. Basil's)

Upon becoming a cardinal, Cardinal Lacroix challenged us by asking the following question.

"Have I responded to the call to be a missionary? Am I one of those "waiting for somebody (else) to change the world?" (Vatican Radio, February 22, 2014).

These words will form the basis for this upcoming Lenten retreat.

Registration: <https://lentenretreatnewman.eventbrite.ca>

Tickets: \$30 (Light lunch will be served) Questions: alexandra.whittle@newmantoronto.com
